

June 1, 2022

Dear Parents and Knitters,

We have had great fun learning to knit over the past six weeks and a number of you have asked about getting more information for summer knitting. I have created a Google Classroom for our Knitting club where you can find short tutorial videos on how to cast on, review the knit stitch or try new stitches, cast off and even a few beginner patterns. As well, there is a section that will help you if you find that you have made a mistake or dropped stitches. Of course, if you need help before the end of June, please feel free to bring in your knitting and we can find a time.

If you would like to join the Google Classroom for the Knitting Club, please use the code below. This is completely optional and only if you would like to keep on learning about knitting.

Class Code: f7kluba

This Classroom will not have the comment function turned on so if you have any questions, please feel free to reach out to me at school or by email.

skrettings@holyspirit.ab.ca

Wishing you many hours of happy knitting!

Mrs. Skretting
