

Southland MyBusStop App

Our school bus transportation, Southland Transportation Ltd., uses an GPS tracking service app called "MyBusStop." The program delivers real-time information about a subscriber's bus location, route stops and schedules, well as traffic, route progress and possible delays.

To activate your account:

1. Download the app by searching for "MyBusStop," or visit www.mybusstop.ca
 - Use a web browser when first registering or making any changes to your account preferences. These changes cannot be made within the app itself.
2. Enter your School's Bus Code & Register
 - The code changes every year, please contact the school office for the current code.
3. Choose your Route & Stop.
4. Start tracking!

The app is user friendly and simple to use for people of all ages. It is responsive, provides seamless on-screen navigation, and allows users to zoom in, tap and scroll. Real-time updates are included and users can receive frequent bus updates about traffic conditions and dispatch comments. The clean interface highlights the most important information at your fingertips. MyBusStop is low data, and offers full functionality with minimal data consumption.

School Bus Monitor

This website (<https://www.myschoolbusmonitor.ca/Index.aspx>) also gives you the opportunity to search for school bus route delays, and includes an option to sign up for email alerts. Simply search for the school you are looking for to see if any delays are being reported.

Welcome to www.myschoolbusmonitor.ca. Current date and time are: 9/17/2021 10:59:27 AM Mountain Standard Time
