UNITING THE ARTS AND GOSPEL VALUES - WE ARE CREATED TO CREATE

Dear Grade Four Families,

Lethbridge Transit offers an excellent educational program designed to teach students how to safely and confidently use public transit. The program begins with a presentation at the school, where students learn about using the city bus and navigating the transit system.

Following the presentation, students board a bus specifically arranged for our group and travel to the University Station. At the station, students have the opportunity to learn practical skills, including how to load a bicycle, identify bus routes and numbers, and navigate the transit system. Students then board the bus and return to the school. We are participating in this great program on Thursday, October 29th, 2026.

9:00am- Both classes will participate in the presentation at the school.

9:45 am (Approximately) - Both classes will board the bus and travel to University Station.

9:45am- 10:15am- Play a game/ learn about how to take a bike on and off of the bus.

10:15am- Both classes will travel back to the school on the bus.

10:30am- Concluding presentation

The children should dress for the weather, as we will be outside for part of the morning. Thank you for your continued support. We look forward to an excellent adventure.
